Job advertisement

At the Dept. of Geography of the University of Kiel, Germany applications are invited for either two PhD positions or one post-doc position in economic geography (Wirtschaftsgeographie), fixed-term two years (with an option to extend another year) for the PhD and three years for the post-doc position commencing September 1st 2014. Candidates will have the opportunity to pursue a PhD or post-doctoral (Habilitation) degree.

- You have received a master or PhD degree either in economic/human geography or in a related discipline, with a specialisation in economic geography.
- You are interested in at least one of the following research fields: evolutionary economic geography, relational economic geography, cluster evolution, regional innovation systems or global production networks.
- You are internationally oriented and you like to present your ideas and research results at workshops and conferences.
- You are expected to design and carry out your own research project in one of the above-mentioned or related research field, as well as to contribute to our teaching programme (4 hours/week as post-doc and 2 hours/week as PhD student).

The salary is based on the German federal public service scale (TV-L E 13). Women are especially encouraged to apply. Severely handicapped people will be referentially considered in case of equivalent qualifications.

Please send your application in English or German (including a letter, curriculum vitae (we expressly waive application photos and therefore ask you to refrain from sending), two names of possible referees and a short research proposal (max. two pages), all in one pdf-file) before July 21st 2014 by e-mail to: Robert Hassink (hassink@geographie.uni-kiel.de).

For more information contact Robert Hassink: phone: 0049-431-880-2951 or per e-mail: hassink@geographie.uni-kiel.de, see also www.wigeo.uni-kiel.de
